

# DRUM TOP PADS

## DRUM TOP PADS

Built for demanding environments, universal drum top pads are the modern standard in keeping drum tops neat and clean. Efficient, dependable, and engineered to perform, drum top pads maintain an ideal balance of strength and absorbency to help keep your shop clean.

## APPLICATIONS

Keep 55 gallon drums neat and clean by absorbing fluids that leak from dispensers. Sized to fit standard 55 gallon drums with two pre-cut holes. Universal drum top pads will absorb all fluids and general spills including oils, coolants, solvents, and water based fluids. Bonded layers of meltblown polypropylene allow fluid to spread through the material quickly. Available in universal and oil only material.

## WHERE TO USE

- Automotive Repair
- Manufacturing
- Facilities
