

PRODUCT DATA SHEET

QUICK-SORB SPILL PADS L70320M, L71320M, L72320M

Issue: Potential safety hazards are present around machines or in storage areas where leaks, drips, sprays or spills are most likely to occur.

Solution: A spill control plan should be developed with absorbent products readily available to control daily leaks and spills around your plant or to use in case of an emergency.

Description: Make Quick-Sorb Spill Pads part of your spill control plan. Strong bonded layers allow fluid to spread through the material quickly to handle all your leaks and spills. Slim dispenser box can easily hang on doorway or wall in areas where spills are likely to occur. Available in Universal, Oil Select and Hi-Visibility. Packaged 20 pads in a handy dispenser box / six dispenser boxes per case.

Handy Dispenser

Available in Oil Select, Universal and Hi-Visibility

Pre-drilled holes on back of box for east hanging options.
